

SOUTH AUSTRALIAN PARLIAMENT HOUSE TOWER STUDENT DESIGN COMPETITION

Open to students enrolled in Architecture or other design courses
Submissions may be by an individual or a team*

Aim To develop design concepts for a tower for the South Australian Parliament House that inspire interest and demonstrate possibilities for completing the existing building through the incorporation of social inclusion, showcasing sustainability and modern innovations such as solar power, and developing a successful iconic form that enhances the city.

Prizes

1 st Prize (Design Excellence):	\$1500
Runner-up (Design Excellence):	\$500
People's Choice:	\$500
Honourable Mentions	(no cash prize)

Schedule

Registration:	5 th April 2004 – 6 th September 2004
Submission deadline:	8 th October 2004
Public Exhibition of nominations:	15 th October 2004
Winners announced:	29 th October 2004

Design Challenge

A key architectural question today is how contemporary architecture can be incorporated as part of a historical building.

A tower design is sought that continues the innovative spirit of the original building by utilising modern developments and materials while acknowledging and responding to the existing building design.
